FROM

SAFI DARASHAH, ESQ, B A
MUNICIPAL COMMISSIONER,
BANGALORE CITY

To

J B. Mallaradhya, Esq , M A ,
Secretary to the Government of Mysore,
Revenue Department, Bangalore

SIR,

In continuation of this office letter No A4 C 902/43 dated 9-10-1944 and 30-1-1945 on the above subject, I have the honour to state that the plot of land selected by the side of Magadi road for compost area has since been found unsuitable for the purpose, as it comes within the area selected for the formation of Industrial Suburb and also in the middle of the new Railway Cord line joining Yesvanthapur

2 The Bio-Chemist of the Agricultural Department has recommended that plots Nos 32 and 33 of the Government Sewage Farm measuring about 2 acres are suitable for the compost yard and this site was inspected by the undersigned with the Health Officer and Biochemist The site is practically outside the City limits and at the same time easily accessible for lorries to dump rubbish Besides, sewage is also readily available in the main drain adjoining this plot of land

3 In these circumstances, I request that Government may kindly be requested to hand over this plot of land to the Municipality for use as a compost yard

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

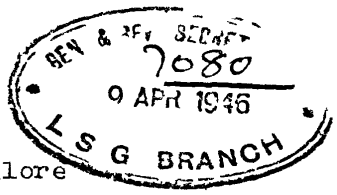
Office of the Director of Agriculture in Mysore,

No H T 316/45-46 Bangalore, Dated, April 5, 1946

To

The Secretary to Government of Mysore,
Revenue Department, Bangalore



Sir,

Sub Government Sewage Farm, Bangalore

With reference to your letter No L 7893 dated 5-2-1946, regarding the acquisition of the plots No 32 and 33 of the Government Sewage Farm by the Bangalore City Municipality for use as Compost Yard, I have the honour to state that the Special Officer, Vegetable Production Scheme, is not in favour of the proposal as out of the total area of the Sunkal Farm, nearly 44 acres have already been handed over for Wilson Garden extension and if out of the remaining small area of 15 acres, the plots 32 and 33 are taken away, there will be left only a small area for vegetable cultivation and also that the plots mentioned are very close to the main approach road to the Farm and its buildings, which is not therefore desirable

In view of the difficulties in giving plots 32 and 33 of the Sewage Farm for formation of the Compost Yard, 2 alternative areas** in the locality are suggested ~~as~~ and jointly agreed to by the Bio-Chemist, Compost Scheme, and the Special Officer, Vegetable Production Scheme, and I recommend the same to Government

1) The strip of uncultivated land at the northern boundary of the Sewage Farm, about 40 feet wide and 1,000 feet long, and
2) about 2 acres of uncultivated land to the East - South-East corner of the Sewage Farm lands, below the tank bund and adjoining Chinnaiyanapalya village lands

The Bio-Chemist is agreeable to starting the work in the area (1) referred to above, but the continuance of the work here during the rainy season will be contingent on the opening up of cross drains to drain away the lowlying parts In case area (1) is found unsuitable later-on, area (2) would be taken up and work conducted on a permanent basis

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture

Subject - Plot to form Compost Yard in the Government Sewage Farm, Bangalore

SIR,

With reference to your letter No 11561/W6 dated 25th April 1946 on the above subject, I have the honour to state that the Health Officer, after spot inspection with the Bio-Chemist, has reported that the first plot to the north of the Sunkal Farm is better suited for the purpose as it is situated on a slightly higher level than the plot No 2 and as the lead from there is shorter I agree with the Health Officer Arrangements will be made for opening up necessary cross roads

2 The Health Officer further reported that in case the first plot is found unsuitable for the purpose later on, the second plot also will be required to conduct the work on a permanent basis In these circumstances, I request that both the plots may kindly be caused to be handed over to the Municipality free of cost

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

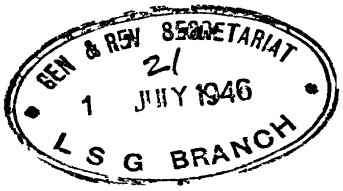
Office of the Director of Agriculture in Mysore,
No H T 316/45-6 Bangalore, Dated, June 25, 1946

To

The Secretary to Government of Mysore,
Revenue Department, Bangalore



Sir,

Sub Plots for the Compost Yard in the Government Sewage Farm, Bangalore

With reference to your letter No L 13403/W/6 dated 30th May 1946 on the above subject, I have the honour to state that the two plots selected for the Compost Yard, form a part of the Sunkal Farm and it is not conducive in the interest of efficient working of the Farm, to allow labourers of other Departments moving about in the precincts of the Farm

But as no other suitable area is found to be available so far, for opening of a compost yard, I am of opinion that any one of the proposed two sites may be used by the Municipality temporarily on the definite understanding that the plot should be -- given back to the Horticultural Department whenever it is required, since plans are under consideration for improving the area of the Sunkal Farm which is growing in importance

I have the honour to be,
Sir,
Your most obedient servant,

SKR Director of Agriculture
